John Deere Ag Technician Program

Educational Programs

John Deere Ag Tech - 2 year

Lakeland Community College
Mattoon, Illinois

Madison Area Technical College
Madison, WI

Northeast Iowa Community College
Calmar, IA

Associates Degree - Applied science designed to train student to enter the dealership as a John Deere Ag Technician or Lawn and Garden Technician.

Graduate Certified in Electronics, Hydraulics and Service Advisor - Certified to work on any piece of John Deere Ag or Lawn & Garden Equipment.

Qualify for Tuition Reimbursement Upon Graduation. Contact us for details.

We will provide uniforms.

Both Educational Programs include classroom instruction, laboratory instruction, and hands on dealership internship. Student will be compensated for internship time at the dealership.

These programs help provide financial support to students pursuing high education degrees while allowing Sloan Implement to recruit, train, and evaluate future, potential employees.
